|          | <ul style="list-style-type: none"> <li>• Warranty: at least one (1) year</li> </ul>   |
| <b>4</b> | <b>AutoCAD Civil3D</b><br><b>2 license (additional)</b><br><b>Budget: Php 100,000 each</b>  |
|          | <b>Features</b>   |
|          | 2D Drafting , drawing , and Annotation  |
|          | · Can create single or multiline text (mtext) as a single text object   |
|          | · Can create tables with data and symbols in rows and columns, apply formulas, and link to a Microsoft Excel Spreadsheets           |
|          | · Can create dimensions automatically   |
|          | · Can draw revision clouds around new changes in a drawing to quickly identify updates  |
|          | · Can specify the size of drawing sheet, add title block, and display multiple views  |
|          | · Can apply geometric and dimensional constraints to maintain relationships between drawing geometry                                |
|          | · Can save views by name to easily return to a specific view for quick reference or for applying to layout viewports                |
|          | <b>3D Modelling and Visualization</b>   |
|          | · Can create realistic 3D models of design using a combination of solid, surface, and mesh modelling tools                          |
|          | · Can apply lighting and materials to give 3D models a realistic appearance and to help communicate designs                         |
|          | · Create section planes to display cross-sectional views through solids, surfaces, meshes, or regions                               |
|          | · Can generate 2D drawings including base, projected, section, and detail views from 3D models                                      |
|          | · Can apply visual styles to control the display of edges, lighting, and shading of your 3D model                                   |
|          | <b>Technical Support</b>  |
|          | · Site visit by a qualified /certified application engineer when needed   |
|          | · Quarterly site visit for maintenance  |
|          | • <b>One (1) year subscription</b>  |

Notes:

1. All specifications are minimum requirements. Proponents may propose equivalent or higher specifications.
2. Dimensions (Length, Width and Height) may vary, as long as the total space occupied is equal to or smaller than those indicated in the technical specifications.
3. Clones will not be accepted. Please propose globally-known brand.
4. Full replacement of defective unit/s should be 30 working days from receipt of notice. If full replacement is not yet possible, a service unit shall be provided by the supplier within 48 hours from receipt of notice of defective unit.
